

Introducing Vibe MGA Management

Vibe MGA Management ('VibeMM') is an independent MGA incubator platform providing an entrepreneurial environment for ambitious underwriters who want to make a difference.

Our senior team has extensive experience operating in the MGA sector and is supported by a network of expert service providers (both internal and external).

This know-how enables us to help MGA cells establish themselves without fuss and subsequently develop, grow and potentially realise a capital event, avoiding the pitfalls that they may otherwise face during their development.

Vibe MGA Management
The platform for entrepreneurs

Our Proposition to MGA Cells

Realising a capital event

Our USP is applying innovation with focus on achieving an 'end game' capital event for each MGA cell.

A la carte services menu

Our platform offers MGA cells a comprehensive and flexible range of services, so each cell can set up a service package to fit their needs, enabling the business to grow through the incubation period and its entire lifecycle.

Pick up the Vibe

Have you got what it takes to join a passionate and entrepreneurial team where you'll feel in the right place to make a difference and stand out from the crowd?

Comprehensive Service Options

The service support structure we offer to each MGA cell joining our platform is designed to achieve aligned interests and meet the specific requirements of the cell and its capacity partner(s).

Service options are delivered through a flexible Target Operating Model (TOM) and include the following core services:

- **Trading in a regulated environment**
- **Compliance**
- **IT infrastructure**
- **Underwriting management**
- **Claims management**
- **Credit control**
- **Back office administration including call centre capabilities**

Vibe Group

VibeMM is a member of the Vibe Group of companies and the third operating pillar of Syndicate Holding Corp (SHC), the parent of Vibe Syndicate Management Ltd (VibeSM) and Inceptum Insurance Company.

The Group is owned principally by two investors, who together provide capital to the trading companies - Quantum Strategic Partners Ltd. (a private investment vehicle managed by Soros Fund Management LLC) and Pine Brook Partners.
